

Dallas Streetcar Project

TRAVEL ALERT

affecting the intersection of E. Colorado Boulevard and N. Zang Boulevard

The intersection of E. Colorado Boulevard and N. Zang Boulevard will be closed traveling westbound on E. Colorado Boulevard from **Monday, Nov. 25 to Wednesday, Nov. 27**. The intersection will reopen for the holiday weekend before closing again on **Monday, Dec. 2 and remain closed until Friday, Dec. 20**. The purpose of the closure is for the construction of the new streetcar line connecting downtown Dallas and Oak Cliff.

In addition to the intersection closure, **center lanes of E. Colorado Boulevard will also be closed** during this time frame until June 2014, resulting in only one outside lane open in each direction from the N. Zang Boulevard intersection to N. Beckley Avenue. Please follow all posted traffic control signage and traffic control channeling devices throughout the closure periods.

DETOUR: To continue traveling westbound on E. Colorado Boulevard, the traveling public will follow a detour around the intersection construction by turning right onto N. Zang Boulevard, make a U-turn at the E. Oakenwald Street intersection to head south on N. Zang Boulevard, then turn right back onto E. Colorado Boulevard, as is shown on the map below.
